

SKU: 68120

**LED TC UGR lysskinne for Troidtekt/træbeton 120 cm.****Specifikationer / Specifications**

|                                               |                                                   |
|-----------------------------------------------|---------------------------------------------------|
| Effekt (P) / Usage (P):                       | 36W                                               |
| Lysfarve / Light color:                       | 4.000 kelvin                                      |
| Lysstyrke / Brightness:                       | 3.600 lumen                                       |
| Lysvinkel / Beam angle:                       | 38°                                               |
| Farvegengivelse / Color rendering (CRI):      | CRI>90                                            |
| Blænde / Glare:                               | UGR<16                                            |
| Dæmpbar / Dimmable:                           | Ja, via dæmpbar driver / Yes, via dimmable driver |
| MacAdam:                                      | SDCM<3                                            |
| Power-faktor / Power factor:                  | >0.9                                              |
| Spænding (U) / Voltage (U):                   | 24V DC                                            |
| Levetid / Lifetime:                           | L80B20>100.000 timer / L80B20>100.000 hours       |
| Tæthedsgrad / IP rating:                      | IP44                                              |
| Beskyttelsesgrad / Protection rating:         | IK06                                              |
| Produktfarve / Product color:                 | Sort / sort / Black / black                       |
| Materiale / Material:                         | Aluminium                                         |
| Operationstemperatur / Operating temperature: | -25 til +45° C                                    |
| Mål / Dimensions:                             | 1.200x25x16,7 mm.                                 |
| Medfølger / Included:                         | 1m. ledning / 1 m cable                           |
| Garanti / Warranty:                           | 5 år / 5 years                                    |
| Kolli-antal / Carton quantity:                | 25                                                |
| EAN:                                          | 5708829681206                                     |
